# REVOLUTIONIZING IRONING WITH

Smart i-Sense Temp Master Technology

## Introducing Athena Steam Iron

From your rugged denims to delicate silks, enjoy effortless ironing with the revolutionary Smart i-Sense Technology. Delivering steam and heat in perfect sync for swift crease removal, Athena does it all without the slightest risk of burns or shine marks on the fabric.

## What is Smart i-Sense Temp Master Technology?

The advanced Temp Master Technology omits the need to manually adjust fabric settings, thus allowing a seamless ironing experience.

## Nano Ceramic Coating

The coating reduces friction, offering durability and scratch resistance to the sole plate, so you get a smooth and effortless ironing experience. Additionally, the Nano ceramic coating helps maintain even heat distribution, crucial for treating various fabrics.

## Dual Sole Plate

Provides improved heat distribution and helps prevent fabric scorching while improving ironing efficiency.

## 2 Way Auto-Shut-Off

Cuts off the iron after 2 minutes of inactivity in horizontal position and after 8 minutes in vertical position. Built in motion sensor cuts-off the iron when not in use. This prevents any accidental burns or any potential mishappening.

### AUTO-SHUT-OFF

2 Minutes

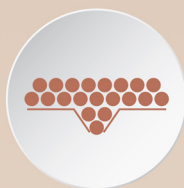

8 Minutes

## Anti Scale Filter

Helps reduce the scale build-up and prevent it from going into the steam vents. This prevention of clogging keeps your clothes stain-free and helps the iron last longer.

# Why Havells Steam Iron?

## Auto-Shut-Off\*

Built in motion sensor cuts-off the iron when not in use.

## Ceramic Coated Sole Plate\*

High resistance to damage and scratches ensures smooth gliding without scorching fabrics.

## Vertical and Horizontal Usage

Iron Effortlessly, any way you like.

## Self Clean

Maintain peak performance with the self-cleaning function that removes mineral deposits and impurities, ensuring a longer lifespan for your iron.

## Anti Calc\*

Prevent limescale build-up with the anti-calc feature, which keeps your iron running smoothly and efficiently.

## Anti Drip\*

Say goodbye to water stains on your clothes with the anti-drip system that prevents leaks and drips. It cuts off water supply at lower temperatures.

## Powerful Jet Spray

Tackle stubborn wrinkles with ease using the powerful jet spray that penetrates inside the cloth fiber giving excellent ironing experience.

## International Safety & Performance Compliant

Adherence to International & ISI certifications.

## Serviceability

Enjoy peace of mind with Havells Home Service Commitment.

# Why Havells Dry Iron?

## Silver Coated Copper Connectors

Enhancing the life of the copper connector, the double thickness silver coating ensures better durability, precise temperature control and reliable power delivery.

## Safety and Performance Standards

Havells Dry Irons complies with the highest ISI standards certified for both Safety and Performance.

## Even Heating

Havells flat bed heating element ensures better heat dissipation, resulting in excellent heat transfer for perfectly ironed clothes every time.

## Superior Coating Soleplate\*

Havells uses Superior American Heritage or Greblon Heritage Coating, ensuring optimum heat transfer to the fabric and effortless ironing.

## Big Size Soleplate

Covers more area in less time for more efficient ironing.

## Button Grooves

Navigate effortlessly around buttons and seams with the easy-to-glide curved soleplate.

## Fire Retardant Material\*

For maximum safety and peace of mind during every use.

## 360° Swivel Cord

Enjoy hassle-free ironing with the 360° swivel cord that allows for easy maneuverability and prevents tangling.
